LABOUR SECRETARIAT

NOTIFICATION

No. LD 396 LET 2015, Bengaluru, Dt.05.10.2016.

Classification of industries to streamline and simplify the inspection system

Government of Karnataka are pleased to issue this Draft Notification on **Classification of industries to streamline and simplify the inspection system** inviting objections and suggestions from the persons likely to be affected thereby within 30 days from the date of publication of this Draft Notification in the Official Gazette. Objections if any, shall be submitted to the Additional Chief Secretary to Government, Labour Department, Room No.414, 4th floor, Vikasa Soudha, Bengaluru-560 001.

The Department of Labour has taken certain measures to bring reforms in the inspection system under all labour laws being enforced by the Department. Inspection system is a mechanism to ensure the statutory and welfare benefits and decent livelihood to the working community. Normally an inspector is appointed by the competent authority through delegation of powers by government notification under each Act. The notified inspector inspects an establishment exercising the delegated powers in order to ensure these provisions. It is observed that all categories of industries / establishments do not require same frequency of inspections. Several establishments / industries are voluntarily complying with the provisions of various labour laws, and some are complying with the intervention of the Department. Hence the inspection requirement varies from establishment to establishment.

Recognising the voluntary compliance by certain industries, the government intends to fix the frequency of inspection accordingly. Therefore the government has classified the establishments into 3 categories as high risk, medium risk and low risk industry, which require different levels of inspections, considering the nature of employment, awareness level among the workers, existence of internal unions, past history of compliances, mutual settlements, absence of industrial disputes and so on. The parameters for classification of establishments are as follows:-

Sl. No	Risk Parameters	Low Risk	Weightage	Medium Risk	Weightage	High Risk	Weightage
1	Hazardous / Non-Hazardous	Non- Hazardous	8	Non-Hazardous	8	Hazardous	0
2	Lockouts/ strikes / Retrenchment / Lay-off-Closure (in past three years)	No	10	No	10	Yes in any one area	0
3	Types of Workers Employed in the Establishment	Permanent Workers only	12	No.of Contract Workers is more than 30%	6	No.of Contract Workers and migrant workers are more than 50%	4
4	Attrition	Low	8	Medium	6	High	4
5	Existence of Settlements	Yes	10	Efforts initiated for settlement through conciliation process	6	No	0
6	Existence Standing Order	Yes	8	Under process of certification	6	No	0
7	Trade Union	Existence of internal recognised Trade Union	12	Presence of Trade Union	6	Absence of Trade Union	2
8	Prosecution under Labour Laws (from past 5 years)	No	10	One Time	4	More than one time	0
9	Rate of Conviction in the last 10 years	No	10	Financial penalty	3	Imprisonment	0

Sl. No	Risk Parameters	Low Risk	Weightage	Medium Risk	Weightage	High Risk	Weightage
10	Number of Industrial Disputes pending for adjudication	Zero	6	1 to 5 in last three years	4	More than five (5) in last three years	2
11	Payment of Fringe Benefits (Gratuity / Bonus)	Yes	6	Yes	6	No	0

For the classification of the establishments, weightage has been assigned to 11 components / parameter as shown above. If the consolidated weightage of a particular establishment is more than 60 then it shall be considered as Low Risk establishment, if it is between 40-60 such an establishment shall be considered as Medium Risk establishment and if it is less than 40, such an establishment shall be considered as High Risk establishment.

The inspection methodology under above categories is as follows.

Low risk industries : This category of industries do not require much intervention of the department. Hence these industries will be inspected once in 3 years.

Medium risk industries : This category of industries require moderate intervention by the inspection mechanism of the department. Hence these industries will be inspected twice in 3 years period

High risk industries : This category of industries require constant monitoring of the department in ensuring statutory benefits to the workers. Hence these industries can be inspected upto two times in a year under all applicable labour laws.

This Notification applies to the Factories, Shops, Commercial Establishments and other Establishments which have not opted for the Self-Certification-cum-Integrated Periodic Returns Scheme – 2016 and The Karnataka State Third Party Certification of Compliances under Labour Laws Scheme – 2016.

LABOUR SECRETARIAT

NOTIFICATION

No. LD 396 LET 2015, Bengaluru, Dated:05 -10-2016.

Government of Karnataka are pleased to introduce “**The Karnataka State Third Party Certification of Compliances under Labour Laws Scheme-2016**” by issuing this Draft Notification, inviting objections and suggestions from the persons likely to be affected thereby within 30 days from the date of publication of this Draft Notification in the Official Gazette. The salient features of the said scheme are given as hereunder:-

- Preamble:** The Labour Inspection Convention-1947 (No. 81) of the International Labour Organization (ILO) is in force with effect from 7th April 1950. This Convention No. 81 of ILO provides for maintenance of a system of labour inspection in industrial and commercial workplaces. The Labour Laws, have specific provisions for appointment and empowerment of labour inspectors. The ILO Convention No. 81, mandates that the labour inspectors shall be recruited with sole regard to their qualifications and adequately trained for the performance of their duties.

The labour inspection as a process is one of the core functions of the State to ensure decent conditions of service and healthy industrial relations climate in workplaces. However keeping in mind the size of the Labour Inspectorate, the Government of Karnataka hereby introduce this Scheme.

Through this Scheme, the State Government intends to empanel and accredit the third party agencies, who shall verify the status of labour law compliance in intending industry / unit / establishment that volunteers to take benefit of this Scheme. The single-most important purpose of the scheme is to allow the industry to file a third-party certificate to the concerned authorities of the Department of Labour to state that labour norms are implemented in the unit/establishment.

The third party certification is a method of assessing, understanding, reporting and finally improving performance of the industry / establishment / unit, against standards prescribed under labour laws. The third party certification scheme is designed with an intention of narrowing down gaps between statutory standards and reality in workplace and it creates an impact on governance of industry. The third party certification is a continuous process and not an event.

Therefore Government of Karnataka is pleased to introduce this scheme, which provides an extended and supplementary mechanism to assist the state inspection machinery to streamline compliance by medium and low risk industries located in the State of Karnataka.

2. **Short Title and Commencement of the Scheme:** The Scheme shall be called as the *Karnataka State Third Party Certification of Compliances under Labour Laws Scheme – 2016*. It shall come into force from the date of its notification in the Official Gazette
